Larsen & Toubro Limited (L&T) is a technology, engineering, construction and manufacturing company. It is a Public Company; 501-1000 employees. It is one of the largest and most respected companies in India's private sector. More than seven decades of a strong, customer-focused approach and the continuous quest for world-class quality have enabled it to attain and sustain leadership in all its major lines of business.

L&T has an international presence, with a global spread of offices. A thrust on international business has seen overseas earnings grow significantly. It continues to grow its global footprint, with offices and manufacturing facilities in multiple countries.

L&T-Komatsu Limited is a joint venture with equal equity participation by L&T and Komatsu Asia Pacific Pte Ltd., Singapore a wholly owned subsidiary of

Komatsu Ltd., Japan. Komatsu is the world's largest manufacturer of hydraulic excavators and has manufacturing and marketing facilities worldwide.

The plant was started in 1975 by L&T to manufacture Hydraulic Excavators for the first time in India. In 1998 it became a joint venture.

Manufacturing facility at L&T-Komatsu Limited, Bangalore Works comprises Machinery Works and Hydraulic Works. Machinery Works has a modern manufacturing facility with ISO 9001 accreditation for design, manufacture and servicing of earthmoving equipment.

Hydraulics Works, with a precision machine shop, manufactures the complete range of high pressure hydraulic components and systems, and is ISO 9001 certified for design, development, manufacturing and servicing of hydraulic pumps, motors, cylinders, turning joints, hose assemblies, valve blocks, hydraulic systems and power drives as well as allied gear boxes.

The products manufactured at L&T-Komatsu Limited are supplied to domestic as well as overseas customers.

L&T-Komatsu Limited is certified under Environment Management System ISO 14001 : 2004 and Occupational Health & Safety Management System OHSAS 18001 : 1999.
