

FACULTY SEMINAR ON 6/6/2019

Dr. Sumithra Sreenath

Topic: Challenges and Risks faced by Working Women

The faculty seminar started with the welcome to all staff and faculty at 2:30pm in the afternoon and ended at around 3:50. At first, a video clip was shown to introduce the Vedic period then continued with the presentation. As a part of introduction, the contribution of women in Rig Veda was also considered then moved to the other centuries. Role of women during medieval period were also a parts of presentation. It continued with pre independence era and post-independence era. Focal point of the study came up for the presentation, especially with middle-class family women, midlife crisis, pay differentials, and medical ailments and various reasons which differs from state to state. The study concluded with rights and laws of working women and a thanking note to all faculty and staff members.
