

## *Business Leadership Forum*

M.P. Birla Institute of Management

Talk – 3 November 23, 2012

‘Don’t chase goals’ says Sri. Syed Habib, ‘Have clear vision. Goals will tire you but vision makes your way clear’ Sri Habib was addressing the students of MPBIM at the Business Leadership forum prograe on 23<sup>rd</sup> November 2012 at Khincha Hall between 11.30 - 12.30. Sri Syed Habib is Director of Director HR - mPower Global, Bangalore

Sri Habib articulates a point

Sri. Habib, in his extremely articulated talk appealed to the students to stop thinking that mere hardwork and smartness are the means to get to the top in the corporate ladder. He insisted that hardwork and smartness are mandatory but do not get you any where. It is the vision that a professional would need. He/she has to realize that it is team work, innovation, partnering, consulting the successful professionals which would hold the key to success.

He likened the vision to the clear wind shield of the car which would show the driver a clear path to drive on. The vision is more altruistic than the goals which may not be so.

The well attended talk invoked good response among the student executives. The young would be managers had many questions for the veteran.

At the end of the session, surely everyone felt **‘It was a great programme to be in’**
